"RUCO's request to impute revenues for the Mesa Del Sol golf course effluent deliveries is fair and reasonable and will be granted. The effluent deliveries that would continue to be provided to the Mesa Del Sol golf course at no charge have financial value. Ratepayers should not be denied the financial value of the lost effluent revenues and have to pay higher rates than if the revenues were also imputed for sales to the Mesa Del Sol golf course."

Page 27, Line 12, INSERT NEW ORDERING PARAGRAPH:

"IT IS FURTHER ORDERED that Far West Sewer and Water Company shall impute the revenues for effluent deliveries to the Mesa Del Sol golf course."
